would considerably facilitate traffic and also help the raiyats of Sargur to cultivate the large area of wet lands lying on the other side of the river. But nothing has been done in the matter. It is requested that these works may be carried out early.

Reply of Government.—Referred to the Chief Engineer.

Subject No. 221.
A Telegraph office at Heggaddevankote.
Mr. Sankariah.

Summary of discussion.—It is desirable that the Taluk head-quarters should be connected by telegraphic communication with the District head-quarters or the capital. Heggaddevankote being a frontier taluk, the telegraph line from Hunsur may be extended to it, as the work does not involve heavy outlay. The opening of a Telegraph office will prove beneficial to the people, and also afford great facilities in carrying on communication during the visits of exalted personages to the place.

Reply of Government.—Noted.

Subject No. 222.
Special Sub-Registrar's office at Heggaddevankote.
Mr. Sankariah.

Summary of discussion.—Much delay at present exists in the registration of documents by the Taluk Sheristadar, who now exercises the powers of a Sub-Registrar, owing to his onerous revenue duties. It is requested that a full-time Sub-Registrar may be appointed for this taluk.

Reply of Government.—Noted.

Subject No. 223.
Antarsante Kaval.
Mr. Sankariah.

Summary of discussion.—A portion of the Antarsante kaval was promised to be given out for building and cultivation purposes. A few house-sites have been granted, but darkhasts for lands for cultivation purposes are not entertained by the taluk authorities as no final orders have been passed on the subject. Every year the raiyats of Sondepur and other villages suffer much owing to their crops being washed away during the floods. Orders are therefore solicited for the grant of land to raiyats either for cultivation or building purposes.

Reply of Government.—Referred to the Deputy Commissioner.

Subject No. 224.
Improvement of Sanitation.
Mr. Sankariah.

Summary of discussion.—The fort-wall round the town of Heggaddevankote should be demolished, and the trenches surrounding it filled up, in view to render the town healthier.

Reply of Government.—Noted.

Subject No. 225.
A new building for the Government School.
Mr. Sankariah.

Summary of discussion.—It is highly desirable that the Heggaddevankote Government School should be located in a spacious building, as the present building is small and otherwise unsuited for the purpose.

Reply of Government.—Noted.

Subject No. 226.
Repair of Temples.
Mr. Sankariah.

Summary of discussion.—The temples of Sri Lakshmivaradarajaswami and Someswaraswami at Heggaddevankote are very old. Some repairs were done four years ago to the former temple, and the latter is in a dilapidated condition. It is requested that both these temples may be repaired early.

Reply of Government.—Noted.
